

# UPC library session

- **UPC Lib group issues**
  - **Need new ideas to attract contributions.**
    - Ask users to share (e.g. Andrew Johnson)
    - Jonathan Brown and I have some additional macros/functions for 2D matrix manipulation. (WPLL05) (will post later.)
  - **Learn from other language (CAF) lib efforts**
  - **File upload / download mechanism**
  - **Broaden the scope of the group?**
  - What else?
- **User connection**
  - **User Q&A**
  - **Encourage feedback (positive or negative)**
  - **example**
- **Berkeley UPC library extension work (Dan)**
